Complementary feed for horses entering the training courses,
sport horses and horses with poor condition

MUSCLE FIT FORMULA is a complementary feed based on a unique *Yarrowia lipolytica* strain and rice bran. It is rich in biologically active ingredients, exogenous amino acids, **organic magnesium, manganese, selenium, vitamin E and vitamin C**. It contains the addition of **spirulina and lecithin**.

MUSCLE FIT FORMULA supports the optimal development of muscle tissue and its proper condition, performance and efficiency. It supports the proper functioning of the muscle apparatus and rapid regeneration of muscle fibres treated with intense physical effort. The product is designed for young horses starting the work under the saddle, horses in harness racing, horses prepared for shows, exhibitions and championships and for sport horses in weak physical condition, with a certain need of rehabilitation of muscle mass.
