RESPIRATORY FIT FORMULA

**IMPROVEMENT OF PERFORMANCE
OF RESPIRATORY SYSTEM**

**SUPPORT OF RESPIRATORY
ALLERGIES TREATMENT**

ANTI-INFLAMMATORY IMPACT

NEW FORMULA

esters of unsaturated fatty
acids Omega-3 / -6 / -9

VOLUME: 500ml

Complementary feed material for horses with respiratory allergies and
horses suffering from systemic respiratory disorders

RESPIRATORY FIT FORMULA is a unique composition of **ethyl esters of essential fatty acid (EFA)** including an increased content of **ester of linseed oil rich in alpha-linoleic acid (ALA), ester of black currant oil**. It provides **Omega -3 / -6 fatty acids** in a "golden ratio", allowing for the proper performance of their nutritional function. Additionally, the product has been enriched with the addition of **vitamin D3 and vitamin E**.

RESPIRATORY FIT FORMULA supports breathing functions and is an important support in the treatment of respiratory tract diseases, especially of allergic origin. It exhibits anti-inflammatory properties and the natural vitamins contained in esters supports cell protection against oxidative stress and regulatory functions of the immune system. It is designed for horses with respiratory allergies and respiratory diseases. Due to the special formulation the product is highly bioavailable and easily absorbed.

Ingredients:

Feed material: higher fatty acid ethyl esters of a high content of essential fatty acids: Omega-3, Omega-6 and Omega-9 of the mixture of linseed, black currant, borage and evening primrose oils.

Dietary additives:

Vitamin D3 (cholecalciferol)

Vitamin E (D - alpha tocopherol)

Recommended dosage First treatment - 25 days:

It is recommended to start with a small dose of product and increase it gradually:

5 days - 20 ml/day/horse of 500kg body weight

10 days - 40 ml/day/horse of 500kg body weight

10-12 days - 80-100 ml/day/ horse of 500kg body weight.

Following weeks: standard dose: 50 ml/day/ horse of 500kg body weight.

The recommended standard dose may be increased, however, not exceeding 300ml/-day/adult horse of 500kg body weight.)

Nutrient in 10 ml of product:

Omega-3 Alpha-linoleic acid 5,1 g

Omega-6 Linoleic acid 1,8 g

Omega-9 Oleic acid 2,1 g

Vitamin D3 (cholecalciferol) 200 IU

Vitamin E (alpha-tocopherol) 50 IU
