SKIN FIT FORMULA

IMPROVEMENT OF THE SKIN AND COAT CONDITION
SUPPORT OF SKIN ALLERGIES TREATMENT
ANTI-INFLAMMATORY EFFECTS

NEW FORMULA

esters of unsaturated fatty
acids Omega-3 / -6 / -9

VOLUME: 500ml

Complementary feed material for horses with skin allergies
and horses suffering from systemic skin ailments

SKIN FIT FORMULA is a unique composition of **ethyl esters of essential fatty acid Omega-3/-6/-9** of special proportions mixed oils of **linseed, blackcurrant, evening primrose and borage**. The composition is rich in valuable **gamma-linolenic acid (GLA)**. It provides **Omega-3 / -6 fatty acids** in a "golden ratio", allowing for the proper performance of their nutritional function. Additionally the product is enriched with **vitamin A and vitamin E**.

SKIN FIT FORMULA improves the skin and coat condition and is a significant support of the skin diseases treatment, especially those of allergic origin. It exhibits anti-inflammatory properties and the addition of vitamins A and E stimulates dermal cells, improves the skin's elasticity and contributes to maintaining the proper structure and function of cell membranes. It is designed for horses with skin allergies and skin diseases. Due to the special formulation the product is highly bioavailable and easily absorbed.

Ingredients:

Feed material: higher fatty acid ethyl esters of a high content of essential fatty acids: Omega-3, Omega-6 and Omega-9 of the mixture of linseed, black currant, borage and evening primrose oils.

Dietary additives:

Vitamin A (retinyl palmitate)

Vitamin E (D - alpha tocopherol)

Recommended dosage First treatment - 25 days:

It is recommended to start with a small dose of product and increase it gradually.
